Even if ICE stops raids during the hurricane, undocumented immigrants whose homes are damaged during the storm won't qualify for federal monetary aid. It's time to change this dehumanizing immigration system.

Last year the Kavanaugh nomination was rammed through the Senate without a thorough examination of the allegations against him. Confirmation is not exoneration, and these newest revelations are disturbing. Like the man who appointed him, Kavanaugh should be impeached.

Nothing terrifies this corrupt president more than the idea of Congress upholding the rule of law.

We must open impeachment inquiries against Trump \*and\* Kavanaugh immediately. It's our constitutional duty.

At this point, the bigger national scandal isn't the president's lawbreaking behavior. It is the Democratic Party's refusal to impeach him for it.

Facebook already helped elect Donald Trump once. Now, they're deliberately allowing a candidate to intentionally lie to the American people.

This is a serious threat to our democracy. We need transparency and accountability from Facebook.

Facebook refused to take down an ad from the Trump campaign that promoted unsubstantiated accusations about Joe Biden. Facebook said the ad, which has been viewed 5 million times on the site, did not violate its policies.

Kamala Harris says her campaign is failing because people aren't ready for a woman of color to be president.

The funny part is, this is the primary, not the general election.

So the people she is accusing of racism are Democratic primary voters.

President Trump delivers an uplifting, unifying speech about how America is stronger, safer, and more prosperous than ever before.

Pelosi rips it up in dramatic, childish fashion

This dichotomy tells you all you need to know about your choices in 2020

Speaker Pelosi on tearing up the president's State of the Union speech tonight: "It was the courteous thing to do considering the alternative."

I worked in the cotton fields during my teenage years and I learned how hard my parents worked to give us a better life. I will always be proud of my loving and hardworking parents. I grew up with strong conservative values but was told to vote Democrat.

I hold dearly to my values and the party that represents those values inherited is the Republican Party because they are the only Conservative Party. I walked away from the Democrat party in 2010 when I realized that they didn't share my values or principles.

Because of Thomas Massie, there will have to be 216 members in chamber to establish a quorum — far in excess of the CDC guidelines against gatherings of 10 or more. The quorum needs to be present to deny him a sufficient second on a recorded vote. Then stimulus will pass by voice.

Delaying direct payments to vulnerable families just to print his name on the check is another shameful example of President Trump's catastrophic failure to treat this crisis with the urgency it demands

Mister President, do you know how many immigrants are risking their lives right now in hospitals across the country in order to save American citizens from coronavirus? [@realDonaldTrump](#) this is wrong and it has nothing to do with the pandemic.

**Donald J. Trump**  [@realDonaldTrump](#)

In light of the attack from the Invisible Enemy, as well as the need to protect the jobs of our GREAT American Citizens, I will be signing an Executive Order to temporarily suspend immigration into the United States!

The executive order isn't going to affect the immigrants that are already in the US. Especially if they have a LEGAL status in this country. This only affects those that are attempting to immigrate into the US during this pandemic. This order is TEMPORARY.

This anti-immigrant decision by Trump comes at the worst time. Immigrants usually don't compete with American citizens for jobs, they harvest our food, build our homes, take care of our kids and elderly, do the jobs that nobody else wants, and make this a better country.

They just attacked our sister community down the street. It's a gated community and they tried to climb the gates. They had to beat them back. Then destroyed a Starbucks and are now in front of my building. Get these animals TF out of my neighborhood. Go back to where you live.

How injustices compound: Many protestors are people who've lost health insurance during COVID

After being beaten, tear gassed, or badly hurt, many are afraid to seek medical care to check for bleeds, fractures, or head injuries because they are newly uninsured.

I have some questions for everyone.

Without police... who will respond to..

Shootings?

Robberies?

Rape?

Domestic terrorism?

Domestic abuse?

Natural disasters?

Human trafficking?

Drug trafficking?

Child Molesters?

Riots?

The answer? Nobody.

To have Public Safety and a good Law Enforcement it requires money. If we want to make it better it will require more money. I know it's hard to understand 🤔

It isn't hard to understand and people would likely be willing to invest more in public safety that didn't result in the murders or unarmed American citizens. But as we have seen the past 2 weeks the cops are worse than we thought

Seattle has just banned police officers from being on school property.

The Superintendant said police presence will keep staff/students from feeling "fully safe."

Police provide a critical role in protecting students.

President Trump wanted Congress to pass Legislation (Law) for the Dreamers. This is a win for the Democrat party NOT for the **#Dreamers**. The Democrat party doesn't want this to be a law they want to continue to use immigration like they do every election year for Hispanic votes.

**Nancy Pelosi** @SpeakerPelosi

The Supreme Court's rejection of President Trump's legal, immoral attacks on young immigrants is a victory for American values. #Dreamers make America more American

**30) Trump keeps claiming that the most dangerous cities in America are all run by Democrats. They aren't.**

Most of the current mayors of these cities are Democrats. Two of the mayors of cities with the most reported violent crimes overall, though, are independents and one, the mayor of Jacksonville, Fla., is a Republican. Among the 20 cities with the most violent crime per capita, one isn't a Democrat, the independent mayor of Springfield, Mo.

Defunding law enforcement is not the answer.

### **Governor Abbott Statement On Austin City Council Decision To Defund Austin Police Department**

AUSTIN - Governor Greg Abbott today issued a statement following Austin City Council's decision to cut \$150 million from the Austin Police Department's budget:

"Some cities are more focused on political agendas than public safety," said Governor Abbott. "Austin's decision puts the brave men and women of the Austin Police Department and their families at greater risk, and paves the way for lawlessness. Public safety is job one, and Austin has abandoned that duty. The legislature will take this issue up next session, but in the meantime, the Texas Department of Public Safety will stand in the gap to protect our capital city."

I was raped by a TOP Democratic donor. Hillary Clinton shut down NBC's exposé of HW with one call from her spokesperson. I strongly believe Joe Biden is a rapist. DNC had Bill Clinton, serial abuser of young women (Epstein & others) speak. You want me to be pro-Dem? I know more than you will ever know about their evil. You can hide behind your convenient morality. I won't.

It's the opposite of what must be taught.

Biden is doing very, very well so far at this @CNN townhall. He is strongest as a retail politician, interacting with average Americans (which I have missed in covid). He's also incredibly empathetic to struggle and pain. If he brings this energy to the debates, Trump is toast.

FOR IMMEDIATE RELEASE

When I read the article "Democrats make historic ad buy in South Texas" I couldn't help but wonder "Why"? Why would the Democrats want to pour so much money into an area they already control and have done so for over 100 years? Is it because they are beginning to see a shift in voting trends - more Red votes maybe? Have the Blue cages been rattled? I believe that the success of the RGV Trump Train - with well over 1000+ cars from all over the Rio Grande Valley (and the Laredo area as well), the success of the RGV Republican Group with their twelve billboards spread throughout the expressway from Brownsville to Rio Grande City (and with more billboards on the way), the steady increase of GOP votes Valley wide - with strong GOP candidates on the November ballot - and the tireless efforts of the GOP Patriots tapping into fundraising sources never before available, and the fact that the GOP "Get Out The Vote" event sold out in less than a couple of hours and garnered well over \$60,000 shows the Red Wave is gaining strength in the Rio Grande Valley and all over South Texas. My guess is that's why the Democrats are starting to pay attention.

Joint statement from @USBPChief Scott and myself on misleading @latimes story.  
[go.usa.gov/xGuVE](https://go.usa.gov/xGuVE)

Earlier this week a misleading story was published by the Los Angeles Times that, from our perspective, sought to villainize Border Patrol agents by alleging that they intentionally separated an illegal alien mother from her newly born child. This allegation is false. We are sick and tired of our agents being villainized for placing their own personal safety and security behind that of others, and for enforcing the Congressionally-enacted laws of the United States. We believe any rational person that reviews this entire illegal entry and the subsequent actions taken by the agents involved will come to the same conclusion that we did: these agents did everything in their power to ensure the safety of the baby, as well as the mother, who chose to illegally enter the United States, at night, in a relatively remote area, while in labor and ultimately giving birth in a field just north of the Rio Grande River. These agents did everything in their control to keep them together despite the difficult circumstances and health concerns related to the pandemic. We challenge any allegations to the contrary.

Donald J. Trump @realDonaldTrump

The Great State of Michigan, with votes being far greater than the number of people who voted, cannot certify the election. The Democrats cheated big time, and got caught. A Republican WIN!

## Candace Owens

@ReaCandaceO

Weeks ago, Facebook censored a post  
of mine which truthfully stated that  
Joe Biden is NOT the President-elect.  
So I got lawyers involved.  
Conclusion? PolitiFact uncensored the  
post & admitted that they LIED by rating  
my post false.  
The fact-checkers are lying for  
Democrats.

Correction: PolitiFact originally labeled this video false  
in our capacity as a third-party fact-checker for  
Facebook. On Nov. 20, an appeal to that decision was  
made on behalf of Ms. Owens. PolitiFact approved the  
appeal on Nov. 20, determined that a correction was  
appropriate, and removed the false rating.

According to CNN 2020 exit polls, Trump did 9 POINTS BETTER among 18-29 year olds in Georgia compared to 2016

The media is not covering how younger voters are trending favorably to conservative ideas. The more we learn, the more we can clearly see this election was stolen.

Every American left and right should be calling for a #VETO of this stimulus "deal" — which provides MORE funding to foreign governments and to American arts centers, than to the American people.

RETWEET so EVERY American sees how corrupt the Covid-19 "relief" packing is.

How to fix the stimulus bill:

Eliminate foreign aid

No money for pork projects

\$2,000 stimulus checks

No checks for illegal aliens

More aid for small businesses

No aid for big corporations

It's SO SIMPLE even a politician should be able to do it!

President [@realDonaldTrump](#) signed the Covid bill but also invoked the Impoundment Control Act of 1974 while signing it, allowing him to redline aspects of it that must be addressed by Congress. Congress must 1) repeal 230, 2) cut out the wasteful spending, 3) add \$2k per person.

I hope this doesn't happen but what I see happening is Trump winning Election Day, media/Ds refusing to call it for him cuz precincts are still counting or accepting "mailed in ballots." Millions of D votes will be "found" out of thin air in the upcoming days. Contested election

The seal of the County Republican Party is located in the bottom left corner. It features a circular design with the words "COUNTY REPUBLICAN" around the top edge. Inside the circle, there is a stylized illustration of a person holding a torch, with a star above their head. The seal is partially cut off by the bottom edge of the page.

Joe Biden needed 270 Electoral votes to win.

And he got 304.

Which number is bigger?

Glad you asked.

## BIG NEWS IN PENNSYLVANIA!

Senate of Pennsylvania

January 4, 2021

Honorable Mitch McConnell  
The Majority Leader  
United States Senate  
317 Russell Senate Office Building  
Washington, DC 20510

Honorable Kevin McCarthy  
Republican Leader, U.S. House of  
Representatives  
2458 Rayburn House Office Building  
Washington, DC 20515

Dear Leader McConnell and Leader McCarthy

As members of the Pennsylvania Senate, we believe in the integrity of the election process. After speaking with our colleagues, a majority of the State Senate is troubled by the many inconsistencies that happened in our Commonwealth during the 2020 election.

Due to numerous unlawful violations taken by Pennsylvania Governor Tom Wolf, Secretary of State Kathy Boockvar, and the rogue State Supreme Court, the balance of power was taken from the State Legislature, who by the U.S. and PA Constitutions, set the time, place and manner of holding elections.

Act 77 of 2019 that was signed into law provides the following clear provisions:

- All mail-in ballots must be received by 8:00 p.m. election night
- Officials at polling places must authenticate the signatures of voters
- County Election Boards may begin pre-canvassing of absentee and mail-in ballots after 8:00 a.m. on election day
- Poll watchers selected by candidates and political parties are permitted to observe the process of canvassing absentee and mail-in ballots

Stopping voting, delayed counting or counting very late into the night is why people believe elections are rigged. It's shady and state legislatures should fix it.

Ley y orden. No olvidemos que quienes tienen historial destructivo pertenecen al brazo armado demócrata y vandalizaron más de 70 ciudades en USA. Ellos son Antifa y BLM. ¿No será que quienes se manifiestan en el Capitolio son los mismos, pero disfrazados de seguidores de Trump?

Public forums like Twitter and Facebook should NOT be allowed to discriminate against individuals based on political beliefs.

I'm drafting a Bill that amends the Civil Rights Act to include political affiliation as an impermissible basis of discrimination!

We will try our best to move to a new provider right now as we have many competing for our business, however Amazon, Google and Apple purposefully did this as a coordinated effort knowing our options would be limited and knowing this would inflict the most damage right as President Trump was banned from the tech companies.

This was a coordinated attack by the tech giants to kill competition in the market place. We were too successful too fast. You can expect the war on competition and free

As a long-time member of the GOP, it saddens me to say the GOP completely failed us. They failed us on the GA senate races; they failed us by not ending social media protections on section 230, they failed on COVID relief. The GOP isn't a sinking ship; it's already sunk.

## My statement

President Trump publicly pressured Vice President Mike Pence and members of Congress to accept the demonstrably unconstitutional idea that the Vice President has unilateral authority to ignore the safe state of electoral votes to Congress from each of the states of this Union and to declare who would be President of the United States. He did so leading up to and during a mass rally attended at which he called for and encouraged

Mobs of the event was deliberately scheduled to take place at the precise moment at which members of Congress were meeting to carry out our Constitutional duty to count these very electoral votes. This pressure campaign whipped many of those present into a frenzy that contributed, in part, to the assault on the Capitol resulting in the deaths of several American citizens, including at least one Capitol Hill Police officer.

Therefore, we condemn the President for the words and actions which contributed to these events and encourage every member of Congress to similarly condemn. While we do not venture to make legal judgement of the President's intent regarding Wednesday's demonstration, his actions were reckless. No President should ever, among other things, promote clearly unconstitutional theories that risk the stability of our nation and, in particular, do so to the detriment of the peace and transition of power.

Unfortunately, rather than conducting a sober review of the facts through hearings and establishing the legal standards under which we would review all that transpired, so Democratic colleagues are rushing impeachment articles through the House of Representatives. Meanwhile, some are beginning to target members of Congress with blanket threats of censure that are void of specific examples to justify a censure vote. Taking these paths undermine due process as established in the Constitution and inflames an already starkly divided nation by politicizing what should be a serious and thoughtful bipartisan review.

The American people should have a voice in this process, just as they should with all processes in this house. After all, a key driver of our divisions today is a federal entity that has too long ignored the people it supposedly works for. This is just another symptom of an oligarchic Congress that won't give us the requisite time to deliberate and hear from constituents. Here, the people's house should be giving the people a voice through a transparent and deliberative process.

Voting to impeach the President seven days before his departure from office serves little purpose given the Senate will not be able to hold a trial by that time and risks establishing this impeachment as politically motivated. Furthermore, the articles are flawed, charging crimes that are lacking the requisite element of intent. For these reasons and others, we will not be voting for these articles of impeachment despite our strong belief the President's actions were wrong.

Above all, we condemn last week's actions. But we also must denounce this rushed proposed reaction because we seek to stop the division inherent in our current politics. Now is not the time for political maneuvers that offer no remedy to the problems facing our Republic. A vote is known by its fruit, and this effort will bear nothing but further conflict and division.

We must tone down the rhetoric and calm the tensions, something that impeachment will not achieve.

Donald Trump is leaving the Oval Office next week no matter what. Let our legacy be that we rebuild our nation by moving forward together.

## I. INTRODUCTION

This case is not about suppressing speech or stifling viewpoints. It is not about a conspiracy to restrain trade. Instead, this case is about Parler's demonstrated unwillingness and inability to remove from the servers of Amazon Web Services ("AWS") content that threatens the public safety, such as by inciting and planning the rape, torture, and assassination of named public officials and private citizens. There is no legal basis in AWS's customer agreements or otherwise to compel AWS to host content of this nature. AWS notified Parler repeatedly that its content violated the parties' agreement, requested removal, and reviewed Parler's plan to address the problem, only to determine that Parler was both unwilling and unable to do so. It has truly been the greatest honor of my life to have had a front row seat to one of the most remarkable and consequential Presidencies in American History.

My father ran as the ultimate outsider. A man who didn't need the job, didn't play by the rules and disrupted the very existence of the political elite in Washington D.C. He fought for our country, gave the American people a voice and reinstated pride in our nation. He ~~made~~ proved to be an ~~American~~ American. He didn't put up with BS and he didn't mince words. He pointed out where our politicians failed us and cast a glaring light into the swamp and the many external forces undermining our country. America came first and a movement of love and patriotism unlike anything our country has ever seen was started.

In four short years, Donald Trump enacted the largest tax cut our nation has ever seen, rebuilt the American military and fortified our borders. He protected our religious liberties, created peace in the Middle East, fixed our VA, passed criminal justice reform, and decimated ISIS. He stood up for our 2nd Amendment, fought for free speech and exposed the media and big tech censorship.

The stock market soared, gas went through the roof, consumer confidence reached record highs and small business flourished. Our country became energy independent, gas prices dropped to all time lows, manufacturing returned to our nation and unemployment went to record lows. Donald Trump did more in four short years, than did decades of the political elite who had become accustomed to accepting the norm.

I will never forget the journey, the thousands of campaign events and the countless late night TV hits. I will never forget Buckingham Palace and the beaches of Normandy, our great farmers in the Midwest who welcomed me into their homes with arms wide open and the ~~hundreds~~ hundreds of mind boggling and challenge coins from our incredible men & women in blue. The boat parades which went on for miles. It is truly a journey I will never forget.

My hope for Americans is that we never tolerate the old norm. We take what we have learned in the just four years and we continue to fight for the liberties and the pride that allows us to bleed red, white and blue.

As a family, we have carried tremendous weight through unprecedented resistance and persecution. No President has sacrificed more. But he (and we) did it for the good and betterment of our nation.

The Trump family loves America and we love all of you. Thank you for always having our back. Thank you for always supporting us.

We'll always feel a tremendous pride for the United States of America and we'll always be grateful to live in the greatest nation on earth.

Let's always #KeepAmericaGreat. Without a doubt, the best is yet to come!

. @Sephora how does disaffiliating with me because I'm conservative fit into your core values of diversity, equality, or inclusion? How do you cultivate diversity if you silence voices that don't fit into your political agenda? Words mean nothing if you don't stand behind them.

"At Sephora, diversity, equality, and inclusion have been our core values since we launched a new kind of beauty retail destination in the U.S. over 20 years ago, but the reality is that shoppers at Sephora, and in U.S. retail more broadly, are not always treated fairly and consistently," said Jean-André Rougeot, President and CEO, Sephora Americas. By next weekend, an Arctic blast will bring much colder temperatures to Texas. Temperatures across the RGV could be near freezing Valentine's Day into next Monday. Perhaps, this Valentine's Day will have to be celebrated indoors. ❤️🌎👤👤👤

Why is it that nearly 3 weeks after the initial outrage, Nancy Pelosi is still having our National Guard troops take their breaks & sleeping in freezing cold garages?

These photos were taken last night!

This needs to stop NOW!

Democrats are literally using impeachment to discipline speech they don't like.

That is a dangerous precedent to set for our country.
